

## INTEGRATED POLICY

### Quality and Environment

#### ASA-JURBLAMI

**ASA-JURBLAMI** is the organization formed by the companies Aerospace Sealant Application, S.L. (ASA) and Jurblami, S.L., which carry out their activities in an integrated manner under common management, sharing resources, processes, and strategic objectives.

Jurblami, S.L., a company with extensive experience and recognition in the aerospace sector, is part of Aerospace Sealant Application, S.L., with both entities maintaining a single Integrated Management System to ensure excellence in the quality of their products and services, as well as environmental protection in the development of their activities.

**ASA-JURBLAMI** is engaged in the production, marketing, and distribution of tools and consumables for sealant application, paying special attention to customer satisfaction, compliance with applicable requirements, and the continuous improvement of its performance. To this end, it has decided to implement an Integrated Quality and Environmental Management System, based on the ISO 9001 and ISO 14001 standards, to improve the service it provides to its customers.

The **values** listed below guide the Organization in its day-to-day work:

- **Seriousness and professionalism**, achieved through effort and good practice.
- **Speed and efficiency**, the foundation of good service as distributors.
- **Guarantee and quality**, what sets us apart and allows us to compete with large companies.

**ASA-JURBLAMI's** Management approaches the Integrated Management System as a way of organizing the company's operations based on fundamental pillars such as product quality, customer satisfaction, and the continuous improvement of the System's effectiveness. To this end, **ASA-JURBLAMI's** Management System is based on:

- Planning, executing, reviewing, and continuously improving the Management System to prevent potential errors, with this **Integrated Policy** serving as the **framework of reference** for establishing and reviewing Quality and Environmental objectives.
- Quality is oriented toward the **Satisfaction of all our customers** through the commitment of the entire Organization to meet their needs and requirements, relying on **error prevention** in production processes as a fundamental aspect of achieving this.
- Complying with legal, regulatory, and other requirements applicable to our activities, products, and services, in both quality and environmental matters.
- Continuously improving the **Integrated Quality and Environmental Management System**, increasing its effectiveness and performance.
- Quality drives us to pay close attention to **technological developments** and to innovation and digitalization opportunities that contribute to improving operational efficiency, service quality, and environmental performance.
- Ensuring the competence, training, awareness, and professional development of our staff, fostering their active participation in continuous improvement.
- Promoting the efficient use of natural resources, waste reduction, and recycling, encouraging responsible practices in all our activities.
- Committing to **environmental protection**, including pollution prevention, sustainable use of resources, and mitigation of environmental impacts arising from

## **INTEGRATED POLICY**

### **Quality and Environment**

### **ASA-JURBLAMI**

our activity, appropriate to the context, nature, scale, and environmental impacts of our organization.

- Promoting responsible relationships with suppliers and partners, fostering practices aligned with our principles of quality, sustainability, and continuous improvement.
- Being a sustainable company, generating economic, environmental, and social value in the medium and long term, contributing to the well-being and progress of present and future generations.
- Promoting planning, coordination, and teamwork as pillars of a professional, efficient, and customer-oriented service.

**ASA-JURBLAMI** ensures that this Integrated Policy is communicated, understood, and applied at all levels of the organization, and is made available to customers and interested parties. It will likewise be reviewed annually to ensure its continued suitability and effectiveness.
